PRESIDENTS REPORT

Ski season is coming to an end and I think that BVSC has done everything within reason to bring people together who like to ski and form friendships. The club ran 4 successful weekend ski trips this past season and a couple of day trips. BVSC had 5 trips scheduled but ole Mother Nature reared her ugly head freezing BVSC out of skiing at Wisp/Timberline. Maybe next year. The club's first trip to the Poconos and the Bristol trip saw the best skiing conditions.

Holiday Valley's Carnival weekend sure is a lot of fun. BVSC participated and ran a downhill dummy. Elvis sure looked good. Kathleen did a great job putting him together. The skiing on Sat was good from what I was told, and, **in my opinion, Sunday's skiing was excellent.** I'm an old fan of northeast hard packed.

April's monthly board meeting is on the 1st (no fooling). We will be holding elections for the upcoming 2015-2016 ski season. I have included with the newsletter emailing a copy of the ballot. If you are unable to make the meeting you can indicate your choices and email the page back to me.

BVSC is having a wing night at the Candle Light Lounge in Economy on Thursday, 3/26. Contact me or Jenn Mann for more info.

BVSC's annual Spring Banquet is Saturday, April 18th at the Grand Valley Inn. All are invited to attend. Cocktails @ 6:00 and dinner @ 7:00pm. Hope to see you there.

I'd personally like to thank all trip leaders for their work this past year. Ray Lucci, as trip chairperson, did a fantastic job. Thanks Ray! Our Social Secretary, Jenn Mann, has been instrumental in keeping the club current with our Ski Counsels and social media. Chris Makowka has also done a great job putting out the monthly newsletter. George Kenderes has been our treasurer for the past several years. He has decided to step down and will be missed. One of the club's oldest members and the board's oldest tenure is also stepping down. Good luck Dick and thanks for running all those western trips.

CMSC's annual golf outing is Sat, July 25th. Contact me for more info. It's a team event so the more the merrier.

You should see what we ski.

As always for the last / best trip of the year. We loaded the bus in the rain.. Not the first time we've done that nor the last. People were dropping off the trip list like there was a fire.. Again; shoulda – woulda – coulda been there and you should have been there. We partied all night late and we slept in till the rain quit and most of us skied the day away.. I will tell you there were some casualties from the late night party.. The skiing on Saturday was great; as it is almost always, when we ski the great HV.. Again; as it almost always has done when it rains on us one day. The temps dropped like a rock the next day and it was way to firm on Sunday morning.. the later it got the better to snow got but it was a tuff day especially compared to Saturday. The Yodeler Lodge party was not it's normal large event the place was MT. BVSC skiers were not the only people Jumping ship due to the rain forecast. The dummy race with the great "ELVIS" made a showing but did not weather the Jump as well as the racers that had gone before him. In the end I do believe; the Canadians won with a" Beaver "strapped to a log on skis. Go figure.. The irony !!! 😊 No matter how you say it or do it we had another year of skiing, fun and comradery with the few diehards we have left.. The only thing missing was you – and you - and you too... Why?? Ski you soon.

Bits' and pieces:

Who of our brave ski explorers went with YSC to Lake Placid??

Who of the brave souls above came back wounded??

How many rooms did we cancel on HV 2 for lack of skiers??

How many rooms did we cancel on HV 1 for lack of skiers??

How many trips did we cancel over all for lack of skiers??

Why the new loss of interest and participation??

Why the increasing loss of interest and participation??

We can't fix the problems if you don't help OR

tell us what the problems are.

New plan for next year.. Come to see how this all unfolds..

There are a few of us who still want to do this; hopefully

You all will help or at least participate

End the year with a meeting on April fool's day and top it off with a final party for the spring banquet on the 18 th.

You should see what we ski

Sorry I missed the editorial deadline last month.. Maybe this month too. We will see.. I saw a very empty bus travel 10 miles shy of the Jersey line to ski the well know Pocono's; Camel Back and Jack Frost. With Only 20 die hard skiers.. FYI if you were not on the bus you missed a great trip. It was a long ride but a ton of fun by all. We skied Camel Back on Saturday and it was a little crowded but nothing like the worst day at snow shoe. They say it could have been worse.. So we are going back next year to see if it can be worse or better.. We had somewhat limited access to the entire mountain, due to a major chair lift malfunction. Again hope to ski the best of the mountain next year too. I will tell you that the lift and water park designers were not on the same page. They could have made it a lot more skier friendly.. We had a fun Saturday night roaming the streets and bars of Stroudsburg. The town It looked like a clip out of the movie; "It's a Wonderful Life" .. it was picturesque.. It was an effort to Get to and from town though. They had a taxi service but they were not very prompt.. Let's see taxi or Domino's ?? What's it going to be?? It was by far more Domino's delivery service that the taxi service.. Some strange dancers on the floor and in the streets of that town.. Jack Frost was on the way home Sunday so only one bus to the mountain for the day.. It was one of the best ski days of the entire season.. Crisp Blue Cruisers all day long.. You shoulda – woulda - coulda been there!!! Why not?? Ski you soon.
